

StraNexus Apprenticeship Program

Management advisory firm

Multiple work term positions for students and graduates with exposure to **Industrial Engineering and related science, engineering and business management streams**

Currently Hiring:

Senior Apprentices Consultants & Apprentices Consultants

To begin the application process and obtain detailed requirements, please email us at careers@stranexus.com with your **name, phone #, expected graduation date, availability, year of study, program, specialization** (if applicable) and **university**.

Why StraNexus?

We are a Management Consulting firm with expertise in Operational Efficiencies and Effectiveness, Strategy and Modeling, Maintenance and Asset Management, and Corporate Training. Our practice is based on the core concepts of Industrial Engineering. Our clients are large organizations ranging in industry sectors like Utilities, Nuclear Power, Oil & Gas, Banking, Automotive, Manufacturing, Distribution, Not-for-profit, Retail, Document Management, Aviation, Municipalities, Food & Beverage, Health Care, Financial Services, Public Transportation, and Construction.

The StraNexus Apprenticeship program provides an opportunity to accelerate your learning curve, deliver a high-intensity 14 to 16 week project and learn the practical art & science of implementation under the guidance of a seasoned manager and executives. We are looking for candidates to apply their skills in process analysis, improving efficiencies and effectiveness, work measurement, future state mapping for systems design, project management, and solving complex organizational challenges.

Additional program benefits include getting training from the sought after 'Dream Team' of trainers, Executive mentorship, and recognition and awards for top achievers.

Criteria to apply:

Sr. Apprentices Consultant: Recent graduates or working professionals with less than 3 years of relevant experience, looking to accelerate their career path.

Apprentices Consultant: Bachelors and Masters students who completed at least 3 years of a related undergrad / certificate program and are looking to accelerate their learning.

Get to learn about consulting in a fast-paced environment. Positions start May and June 2016. Please indicate availability in your email to careers@stranexus.com.
